## Education

---

### Vistula University | Warsaw

#### Bachelor of Science in Computer Engineering | 10/2024

- Currently completing assigned course units and assignments.
- Working in assigned teams to complete given tasks with deadlines to beat.
- Maintaining a progressive GPA.
- Learnt German for oral and written communication.
- Learnt programming languages and built extensive knowledge in data structures and algorithms within these languages.

### Moringa School | Nairobi

#### Software Development Course | 01/2021

- I built a good foundation for software development languages and creating and maintaining databases.
- Worked on individual projects and in teams (where necessary) with consistent reporting on achievements and upcoming tasks to be completed in the morning and evening standup meetings.
- Completed assignments with strict deadlines; built quality and responsive websites.
- Created and conducted meetings with teammates to debug code, address blockers and assess each other's code in order to present quality work developed with clean code to the assigned client.
- I maintained good relations with my team leads, team members and clients.
- Created quality tutorial presentations to present in standups, in addition, to live coding within these sessions.
- Attended professional development training to acquire knowledge in creating and presenting my portfolio as well as self-promotion and social networking on social platforms such as LinkedIn.

## Experience

---

### Accenture Operations z.o.o | Warsaw

#### Junior Customer Representative | 12/2021 - Present

- Handling customer inquiries, answering questions, and resolving problems in a timely manner.
- Demonstrating quality and productivity within my work.
- Maintaining utmost confidentiality, respecting company policies, and maintaining a good profile of the company.
- Maintaining communication and collaboration with my colleagues to build on social skills and achieve specific duties within a given period.
- Participating in training for self-evaluation and picking up new knowledge.

**MGS(UG) LIMITED | Kampala****Executive/Personal Assistant to CEO | 07/2020 - 09/2021**

- Responded to emails and other correspondence to facilitate communication and assistance in day-to-day operations on behalf of the CEO.
- Assembled presentations and scheduled appointments through strict calendar management as well as maintained utmost confidentiality within my duties.
- Possessed and demonstrated comprehensive knowledge of Microsoft Word, Excel and Outlook.
- Acquired great mentorship and a feel of working in strict timelines to deliver quick results.
- Stepped in certain roles to fill in gaps where needed in order to continue operations.
